Cinco

CINCO announces the launch of our new full-time summer internship program, thinkEXPERIENCE from June 9th through August 8th.

Our intensive 8-week program provides hands-on experience on how to uncover unmet consumer needs and to develop appropriate new business solutions to fulfill those needs. You will learn how our various groups collaborate to develop successful go-to-market strategies, marketing plans, and creative elements needed to launch new solutions into the marketplace.

thinkEXPERIENCE will expose you to a variety of strategic approaches and skills used throughout CINCO. The program will culminate with a real-life assignment in which you will receive feedback and a formal evaluation from your intern cohorts and our departmental leads.
